

Ablation inference after BH correction

Sunwoda	nonlinear residual	significant improvement
Sunwoda	frozen affine path	inconclusive
Sunwoda	fixed residual bound	significant improvement
Sunwoda	support-adaptive dual scale	inconclusive
Sunwoda	complete selected PP-X vs direct NN	significant improvement
RWTH	nonlinear residual	significant improvement
RWTH	frozen affine path	inconclusive
RWTH	fixed residual bound	inconclusive
RWTH	support-adaptive dual scale	significant harm
RWTH	complete selected PP-X vs direct NN	significant improvement
MICH	nonlinear residual	significant improvement
MICH	frozen affine path	inconclusive
MICH	fixed residual bound	significant harm
MICH	support-adaptive dual scale	significant improvement
MICH	complete selected PP-X vs direct NN	inconclusive
HUST	regime transport	significant improvement
MATR batch 2	regime transport after support decay	significant improvement
FEMTO	transferability gate / prior abstention	inconclusive
NASA battery	validation-selected causal history	inconclusive
N-CMAPSS	validation-selected multiscale history	inconclusive
